

Remote Volunteering- Making Hygiene Kits for Pathways of Hope

ABOUT THIS REMOTE PROJECT:

During the coronavirus pandemic volunteers are needed to assemble hygiene kits and you can help from the safety of your own home as **Remote Volunteers**. The hygiene kits you make will be distributed intact to the families living in Pathways of Hope's shelters and families picking up food. We currently have 80 people in our shelters, and up to 100 individuals visiting the HUB in a day. As you can see, we assist a lot of people. This project can be a family project. Thank you so much for your help!
